Kota Kinabalu

This morning visit the Likas Wetlands Bird Sanctuary, an area of protected mangrove swamp that provides critical habitat for herons, magpies, sandpipers, egrets, kingfishers, swallows, storks and mynas. You may also spot monitor lizards, fiddler crabs, jellyfish, water snakes and mud lobsters.

This afternoon, enjoy a brief city tour. The original town of Kota Kinabalu was razed during World War II and a new, carefully planned town was built in its place. Visit the fish market, one of the most important markets in Kota Kinabalu. Enjoy a *kedai kopi*, a local coffee shop, offering excellent coffee and a unique atmosphere. Continue to the Sabah Museum, with its wonderful exhibits on ethnography, history and natural history.

Return to your hotel for a relaxing evening.

Mt. Kinabalu National Park

This morning, you'll depart on the two-hour drive to Mount Kinabalu.

At 13,445 feet, Mt. Kinabalu is Southeast Asia's highest peak. It is also one of the most diverse ecological regions in the world. Vegetation zones range from submontane forests through oak/chestnut and coniferous forests all the way to subalpine heathland near the summit. Botanists estimate that half the plants growing above 5,000 feet here are found nowhere else in the world. Within the park one finds 26 species of rhododendron and more than 1,000 species of orchid. It also harbors the world's largest pitcher plant, a carnivorous plant with vase-shaped leaves that can hold over two quarts of liquid and is capable of devouring a full-grown rat. Larger animals in the park include three species of deer, bearded pigs, maroon-leaf monkeys, Sunda Island gibbons, honey bears and orangutans. It is also home to 306 species of birds and more than 70 species of frogs. We advise bringing a light rain jacket and sweater as the Park Headquarters are situated at an elevation of 5,000 feet.

There is excellent birding along the park's paved road system, but we will also explore interior forest areas along some of the easier trails.

Overnight at the Mt Kinabalu Heritage Resort & Spa - Mt. Kinabalu

Formerly known as Perkasa Hotel Mt. Kinabalu, the resort is situated atop a hill approximately 5,000 feet above sea level and has a commanding view of the majestic Mount Kinabalu, the highest mountain in South East Asia and dominating Malaysia's First World Heritage Site, the Kinabalu National Park.

Mt. Kinabalu National Park

Continue your exploration of Mt. Kinabalu National Park today, looking for it's many "specials" such as Whitehead's Trogon, Golden-naped Barbet, Black and Crimson Oriole, Short-tailed Magpie, Bornean Treepie, Mountain Blackeye, Temminck's sunbird and many other species.

After an early breakfast transfer to Timpohon Gate at 1524m above sea level and trek up to the second shelter along the mountain trail. This particular trail provides good opportunities for bird watching. Return to Park Headquarters in time for a nature walk with a Park naturalist. Visit the botanical garden. Have lunch at the park. Depart to Poring Hot Spring. Enjoy this unique opportunity to get closer to the rainforest 'web of life' on the canopy walkway 100 feet above the forest floor. Thereafter, take a dip in one of the soothing, steaming hot mineral springs set in beautifully landscaped gardens. Later return to have the afternoon free at your leisure to explore.

Gunung Mulu National Park

This morning you'll have some final birding in Kinabalu before you return to Kota Kinabalu for your flight to Mulu.

Please note, you will be required to pay a general domestic departure tax of MYR 6 prior to your flight.

Fly Kota Kinabalu (BKI) to Mulu (MZV) on Malaysia Airlines MH 3255, departing 12:40, arriving 14:30

Economy Class

Transit stop in Miri

E-ticket

Upon arrival you'll be met and transferred to your lodging at the park headquarters of Gunung Mulu National Park, Sarawak's largest national park. Among its remarkable features is the fact that two mountain ranges, one of sandstone and one of limestone, are within its boundaries. The density of the

vegetation and the shrill whine of cicadas and chirping tree frogs give this forest a primeval quality that must be experienced to be believed. Underneath it all lays a network of underground passages, including the largest cave chamber in the world.

This afternoon, take a boat up the Melinau River and visit a small *Penan* settlement, where some of the last nomadic peoples of Borneo live.

Overnight at the Royal Mulu Resort (Deluxe Room) - Gunung Mulu National Park

Gunung Mulu National Park

Early this morning, embark on a wildlife adventure in the forest canopy.

An aerial walkway is suspended in the trees, offering one of the longest tree-based canopy walks in the world. As you walk among the ferns and vines 50 feet above the forest floor and river, you will be able to observe the rainforest's "web of life" from a whole new perspective. Keep an eye out for the remarkable hornbill flitting through the foliage, the long-tailed macaques, gibbons, squirrels, barking deer and Malayan sun bears. If you're lucky, you might also spot the stunning Rajah Brooke's birdwing butterfly.

Afterwards, return to Park Headquarters and begin a scenic three km plank walk through primary rainforest to the entrance of Deer Cave. Deer Cave has the world's largest cave entrance and is the largest single cave passage in the world—about 120 - 150 m in diameter. That is big enough to fit St. Paul's Cathedral under its massive archway. The cave has a moonlike landscape and, from one vantage point, a perfect profile of President Lincoln can be observed. Most evenings at sundown, a spectacular exodus of about two million bats can be observed leaving the cave in search of food. Next to Deer Cave is Lang's Cave. The stalactites and stalagmites inside this cave are representative of the very best limestone formations in the park. Trek back to the Park Headquarters by torchlight and return to your resort.

Gunung Mulu National Park to Sandakan

In the morning, proceed by longboat upriver to Wind Cave with its impressive 'King's Chamber'. Here, stalactites and stalagmites with delicate lace-like patterns are found. A short walk along a plank walk suspended to the limestone cliff leads to Clearwater Cave. Like most caves in Mulu, Clearwater Cave is the habitat of many unique species of plants. One of them, the one-leafed plant, can only be found at Mulu. Rare species of orchids and pitcher plants can also be seen in many locations here, as well as photosensitive algae that grow on certain rocks and have produced needle-like formations pointing towards the source of their light. Clearwater Cave has a wonderful swimming area shaded by giant rainforest trees. Have a simple picnic or packed lunch before returning to your accommodation and checking out.

Afterwards, you'll be transferred to the airport for your flight to Kota Kinabalu

Please note, you will be required to pay a general domestic departure tax of MYR 6 for your flight from Mulu-Kota Kinabalu and a specific domestic departure tax of MYR 25 for your flight from Kota Kinabalu-Sandakan.

Sepilok

This morning you'll visit the Sepilok Orangutan Rehabilitation Center. During their daily feeding, observe orangutans as they interact with each other in their natural habitat, providing unsurpassed photographic opportunities. Other protected animals brought here include Malay sun bears, baby elephants, wild cats, and even crocodiles. You'll have some time to relax and enjoy lunch before observing the afternoon feeding.

Afterwards, tour the informative museum and visit the Rainforest Discovery Center. Then enjoy a canopy walk.

Tonight enjoy an evening boardwalk safari.

Selingan "Turtle" Island

This morning take a speedboat to Selingan Island, remembering to watch for dolphin pods along the way. Selingan Island, one of three islands that make up Turtle Island National Park, is a nesting ground for endangered green and hawksbill turtles. Spend the afternoon at your leisure exploring the island, swimming, and snorkeling in warm clear waters over dazzling coral reefs. After dinner, park rangers will take you to see green turtles come ashore to lay their eggs on the beach.

Overnight at Selingan Chalet (Room with private bathroom) - Selingan
Transfer to the island and seeing nesting turtles at night will be with other guests.

Danum Valley Conservation Area

This morning, you'll be driven 2.5 hours to Lahad Datu to board the scheduled transfer to the Borneo Rainforest Lodge on the shores of the Danum River. The drive will take you through logged and regenerating forest areas, providing a perspective on the challenges of conservation in this unique region, as well as some possible solutions.

The Borneo Rainforest Lodge is located in Sabah's largest protected lowland forest—the Danum Valley Conservation Area—which is made up of 108,230 acres of pristine virgin rainforest. The dipterocarp (broad-leaved evergreen) forest found in Borneo is considered to be the world's tallest and oldest, having existed for over 100 million years. It is also one of the world's richest areas for species variation under the rolling green canopy more than 200 feet (60 meters) above the ground.

Built in the style of local Kadazan/Dusan dwellings, the lodge offers tasteful yet simple comfort in a friendly and tranquil atmosphere. A place to observe wildlife, everything about the lodge supports this purpose: large open public spaces and verandahs, well marked nature trails, a canopy walk for tree level viewing, a well stocked library and an outstanding team of naturalists and guides ready to serve you at all times.

Attend a brief orientation before lunch. In the afternoon, depart for a guided walk on a nature trail (400m boardwalk circuit) and the canopy walkway.

Overnight at the Borneo Rainforest Lodge (Standard) - Danum Valley

This rustic lodge near the Danum River features stilted chalets and bungalows, built and finished with local hardwoods. At the height of the treetop canopy, guest enjoy immersion in nature and an up-close wildlife experience combined with modern amenities. The lodge employs naturalists, and provides a variety of ways for guests to experience and learn more about the rainforest. Transfer to Danum Valley is join in but touring is private

Danum Valley Conservation Area

Continue to discover the undisturbed forests of this incredible valley during guided nature walks, evening treks and night drives using spotlights. Around 110 species of mammals—including orangutans, Asian elephants, gibbons, loris, giant flying squirrels, Malayan sun bears, bearded pigs and yellow barking deer—live here. The forest is also home to 275 species of bird, including crested fireback pheasants and rhinoceros hornbills, and some of the world's largest butterflies and moths. This valley supports one of the largest remaining populations of wild orangutans, which expert trackers from the lodge will help you find. Take a short hike to a gorgeous waterfall and swimming hole. Or, go on a more challenging trek to the ancient Kadazan-Dusan burial grounds in the cliffs high above the lodge.

After dinner, depart on a guided drive where you may see bearded pigs, flying squirrels, and a variety of other wildlife, including nesting orangutans, civets or the elusive clouded leopard.

Tabin Wildlife Reserve

This morning, depart the Danum Valley as you make your journey to the Tabin Wildlife Reserve.

Proceed to Lahad Datu, then continue to the Tabin Wildlife Reserve, one of the largest reserves in Borneo. Here you'll be staying at the Tabin Wildlife Resort, a small, 20-room resort consisting of traditional style, timber chalets discreetly perched amongst the rainforest and along the Lipad River. A variety of birds, insects and even small mammals can be sighted quite easily within the resort. Check into your charming Bornean timber bungalow, which comes complete with private balcony and hot water shower, a real luxury within the jungle.

After dinner, enjoy a slide presentation on Tabin's uniqueness, followed by a trip to look out for nocturnal wildlife and birds.

Tabin Wildlife Reserve

Activities today include rainforest nature walks through undisturbed riverine and lowland dipterocarp forest, night walks and drives using spotlights. A self-guided nature trail, observation points, waterfalls and rivers for swimming add to the enjoyment of this unique area.

The conservation area shelters more than 300 species of birds and 109 species of mammals including Asian elephants, orangutans and deer. It is also home to Bornean rarities such as Sumatran rhinoceroses, clouded leopards and the impressive Bulwer's pheasants. You will definitely view an incredible diversity of flora and fauna including some of the world's largest butterflies and moths. At some time during your visit, you may happen upon a delicate mousedeer, a snorting group of bearded pigs, the haunting call of Bornean gibbons or a glimpse of giant flying squirrels gliding through the canopy.

This morning, take a 20-minute rainforest trek to visit the Lipad mud volcano, which serves as a mineral salt lick for wildlife. The elevated bare area of the mud volcano is a known frequent of deer, wild boar, elephants and innumerable birds. Try to identify the multitude of animal footprints here. Climb the observation tower and admire the contrasting landscape of the bare area and its surrounding thick forest. A nearby fig tree is a busy feasting place for hornbills and other birds and primates during the fruiting season. Across from the observation tower, bare branches of towering trees are favorite perching places for Green Imperial Pigeons and Doves.

This evening, enjoy another nocturnal wildlife experience.

E-TICKET INFORMATION

Please note that one or more of your airline tickets are e-tickets and no paper tickets will be issued. You will simply be required to show your passport when you check in.

Some international airports require that you show an e-ticket receipt upon entering the airport, before you arrive to the check-in counter. Therefore, we've included a receipt, attached to an ATJ ticket jacket, with your Final Travel Documents. Please present this copy of your receipt when checking in.

If you have any questions please feel free to call us at 800-642-2742.

SCHEDULE OF MAXIMUM BENEFITS

\$2,500	Accident/Sickness Medical (\$50.00 deductible per disablement)	\$75,000	Emergency Medical Evacuation
\$1,000	Accidental Death & Dismemberment	\$ 7,500	Repatriation of Remains

DESCRIPTION OF COVERAGE

Accident/Sickness Medical - \$2,500 per Disablement. When a covered Injury of Illness results, the Company will pay 100 percent of Covered Expenses for In Hospital Medical Services, In Hospital Surgical Services and Out of Hospital Medical Expenses (excess of a \$50.00 deductible per disablement). In no event shall the Company's maximum liability exceed \$2,500 per disablement as to covered expenses during any one period of individual coverage. The \$50.00 deductible is the dollar amount of covered expenses which must be incurred as an out-of-pocket expense by each Insured, for any one disablement. This expense must be borne by the Insured Person.

Covered Expenses – For the purpose of this section, only such expenses incurred as the result of and within 26 weeks from a disablement, which are specifically enumerated in the following list of charges, and which are not excluded in the Exclusions section shall be considered covered expenses:

- (1) Charges made by a Hospital for room and board, floor nursing and other services, including charges for professional services, except personal services of a non-medical nature, provided, however, that expenses do not exceed the Hospital's average charge for semi-private room and board accommodation;
- (2) Charges made for diagnosis, treatment and surgery by a Physician;
- (3) Charges made for the cost and administration of anesthetics;
- (4) Charges for medication, x-ray services, laboratory tests and services, the use of radium and radio-active isotopes, oxygen, blood transfusions, iron lungs, and medical treatment;
- (5) Charges for physiotherapy, if recommended by a Physician for the treatment of a specific disablement and administered by a licensed physiotherapist;
- (6) Hotel room charge, when the insured person, otherwise necessarily confined in a Hospital, shall be under the care of a duly qualified physician in a hotel room owing to unavailability of a Hospital room by reason of capacity or distance or to any other circumstances beyond control of insured;
- (7) Dressings, drugs, and medicines that can only be obtained upon a written prescription of a Physician or surgeon.

Charges shall be excess of all other valid and collectible insurance indemnity. **The charges enumerated above shall in no event include any amount of such charges which are in excess of regular and customary charges.**

Exclusions

With respect to Accident/Sickness Medical, no benefits shall be payable for medical expenses provided herein with respect to expenses incurred:

- (1) For Pre-existing Conditions, defined as any Injury or Illness which was contracted or which manifested itself, or for which treatment or medication was prescribed within three (3) years prior to the effective date of this insurance;
- (2) For services, supplies or treatment, including any period of Hospital confinement, which were not recommended, approved and certified as necessary and reasonable by a Physician;
- (3) For suicide or any attempt thereat while sane or self-destruction or any attempt thereat while insane;
- (4) Declared or undeclared war or any act thereof;
- (5) For Injury sustained while participating in professional athletics;
- (6) For sickness resulting from pregnancy, childbirth or miscarriage;
- (7) For miscarriage resulting from accident;
- (8) For routine physical or other examinations where there are no objective indications or impairment in normal health, and laboratory diagnostic or x-ray examinations except in the course of a disability established by the prior call or attendance of a Physician;
- (9) For cosmetic or plastic surgery, except as the result of an accident;

- (10) For elective surgery which can be postponed until the insured returns to his/her country of residence;
- (11) For any mental and nervous disorders or rest cures;
- (12) For dental care, except as the result of Injury to natural teeth caused by an accident;
- (13) For eye refractions or eye examinations for the purpose of prescribing corrective lenses for eye glasses or for the fitting thereof, unless caused by accidental bodily injury incurred while insured hereunder;
- (14) In connection with alcoholism or drug addiction, or use of any drug or narcotic agent;
- (15) For congenital anomalies and conditions arising out of or resulting therefrom;
- (16) For expenses which are non-medical in nature;
- (17) For the ordinary cost of a one-way airplane ticket used in the transportation back to the insured's country where an air ambulance benefit is provided;
- (18) For expenses as a result of or in connection with intentionally self-inflicted injury;
- (19) For expenses as a result of or in connection with the commission of a felony offense;
- (20) For specific named hazards: skiing, motorcycle driving, scuba diving, mountain climbing, sky diving, professional or amateur racing, and piloting any aircraft;
- (21) Treatment paid for or furnished under any other individual or group policy, or other service or medical pre-payment plan arranged through an employer to the extent so furnished or paid, or under any mandatory government program or facility set up for treatment without cost to any individual.

Accidental Death and Dismemberment – The amount of the Principal Sum is \$1,000. The Company shall pay an indemnity as determined from the Table of Losses below if an insured person sustains a loss stated therein resulting from accidental injury, provided that such loss occurs within 365 days after the date of accident causing such loss. The aggregate limit of indemnity per accident is \$20,000.

TABLE OF LOSSES

<u>Description of Loss</u>	<u>Indemnity</u>	<u>Description of Loss</u>	<u>Indemnity</u>
Life.....	\$1,000	Either Hand or Foot and Sight of One Eye.....	\$1,000
Both Hands or Both Feet or Sight of Both Eyes.....	\$1,000	Either Hand or Foot or Sight of One Eye.....	\$ 500
One Hand and One Foot.....	\$1,000		

Emergency Medical Evacuation - \$75,000. The Company will pay benefits for covered expenses incurred up to a maximum of \$75,000 for the necessary emergency evacuation of the insured person. An emergency evacuation must be ordered by a legally licensed Physician who certifies that the severity of the insured person's Injury or Illness warrants the emergency evacuation. **Emergency Evacuation means:** (a) the insured person's medical condition warrants immediate transportation from the place where the insured person is injured or ill to the nearest Hospital where appropriate medical treatment can be obtained; or (b) after being treated at a local Hospital, the insured person's medical condition warrants transportation to his/her then current place of residence to obtain further medical treatment or to recover; or (c) both a) and b) above.

Covered Expenses are expenses, up to the maximum, for transportation, medical services and medical supplies necessarily incurred in connection with emergency evacuation of the insured person. All transportation arrangements made for evacuating the insured person must be by the most direct and economical route. Expenses for special transportation must be: (a) recommended by the attending Physician or (b) required by the standard regulations of the conveyance transporting the insured person. Expenses for medical supplies and services must be recommended by the attending Physician. Transportation means any land, water or air conveyance required to transport the insured person during an emergency evacuation. Special transportation includes, but is not limited to, air ambulances, land ambulances, and private motor vehicles.

Repatriation of Remains - \$7,500. The Company will pay the reasonable covered expenses incurred to prepare and return the insured person's body home (to his/her home country) if he or she dies, not to exceed the maximum of \$7,500.

All Emergency Medical Evacuations and Repatriations of Remains are to be organized through Travel Assist for any benefits to be payable.

With respect to Accidental Death & Dismemberment, Emergency Medical Evacuation, and Repatriation of Remains, this policy does not cover any loss, fatal or non-fatal, caused by: 1) suicide or self destruction or any attempt thereof while sane or insane; 2) *disease of any kind; 3) *bacterial infections except pyogenic infection which shall occur through an accidental cut or wound; 4) *hernia of any kind; 5) injury sustained in consequence of riding as a pilot, operator, or member of crew of any aircraft, except as a passenger; 6) declared or undeclared war or any act thereof; 7) service in the military, naval or air service of any country. *With regard to Emergency Medical Evacuation and Repatriation of Remains, exclusions 2, 3, and 4 above shall be deleted.
